Hot One Awards**

Professional Photographer magazine has named Hahnemühle's new Baryta FB and Photo Rag 500gsm two of this year's best new products in their annual Hot One Awards. This is the second year in a row that Hahnemühle has been honored with this prestigious award.

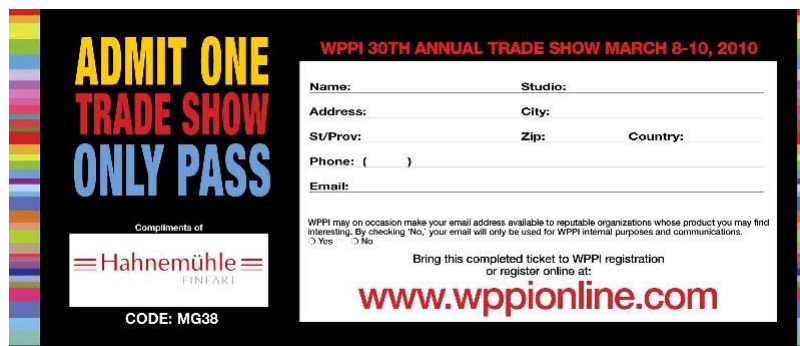

- **Hahnemuhle Anniversary Collection**

To help celebrate their 425th year of continuous paper mill operation, Hahnemühle created the Anniversary Photo Awards as an open, international photographic competition with an intriguing theme: 'For Originals.' The company was interested in having photographers present their unique visions of people, objects and atmospheres from the most original perspective possible. Nearly 1,800 photographers from 45 countries around the world sent in more than 7,100 entries. From these, an international panel of experts selected 41 to become part of the Hahnemühle Anniversary Collection.

*The Hahnemuhle Anniversary Collection will be in New York from March 24 - June 21, at The HP Gallery in Calumet Photo. For complete information on the judges, the winners and their images and up-to-the-minute tour dates, visit <http://www.hahnemuehle.com/site/us/491/anniversary-photo-award.html>*

- **Hahnemuhle Exhibiting at WPPI Trade Show**

- **Soulscapes: Photography by Marni Grossman**

Marni

Grossman has the remarkable ability to capture the essence of humanity and the infinite subtleties of nature. Her heart is tied to the elements, which are reflective in the light, color, texture and depth of her artistry. Marni has spent most of 2009 living and working in the small coastal town of Big Sur, California.

Feeling the freedom and expansiveness that she so desired, Grossman is now ready to expose the fruits of her labor. She has produced a stunning body of work titled "Beyond The Mist," an immersive photo exhibition and installation designed to create a total experience evoking the energy, spirit and allure of the coast featuring large, limited-edition pigment prints in the genre of Abstract Landscape printed on Hahnemuhle's Sugar Cane and Bamboo stock. The exhibition will invite the viewer to experience the sense of freedom and magic that inspired her work.

*"As an artist I am proud to support Hahnemuhle FineArt. I am dedicated to the environment and am honored to work alongside a company that is so devoted to producing sustainable product, something we all need to be conscious of today. Both Bamboo 290gsm and Sugar Cane 300gsm have stunning print surfaces and absorb the pigment of colors just right for me...I am looking to share the beauty that I see and these papers enhance my images with just the right subtleties. I love how my work looks on their product."*

Visit her exhibition "Beyond The Mist" at Spazio dell'arte, 400 Eastern Avenue 201 in Toronto, Ontario.
