

Hahnemühle's Monet Canvas 410 inkjet canvas honored with Professional Photographer's 2009 Hot One Award.

***Professional Photographer* magazine has named Hahnemühle's new Monet Canvas 410 one of this year's best new products in their annual Hot One Awards. This is the first year that Hahnemühle has been honored with this prestigious award.**

The *Professional Photographer* Hot One Awards represent the publication's annual guide to the photo industry's best new products. Entries are thoroughly tested and evaluated by members of the photographic community, and only the most outstanding products ever receive one of these awards.

Monet Canvas 410 is a heavy, 100% cotton inkjet canvas with a classic woven pattern. The natural white color is perfect for fine art reproduction, but also works beautifully for printing premium quality photo images.

Hahnemühle FineArt prides itself on innovative, high-quality products. The Hahnemühle Digital FineArt line features specially developed coatings for inkjet printers to ensure impressive, and above all, long lasting individually designed prints. These genuine artists' papers and canvases are used to print exclusive fine art photography, digital art reproductions and original digital works of art for museums, galleries, and collectors, as well as in workshops.

The Hahnemühle paper mill has been producing quality artist's papers for over 420 years. Since its founding in 1584 they have developed experience and a tradition of excellence in art materials that is now been brought to the digital age, and fine art Inkjet printing. The German based company whose headquarters are in Dassel, has 150 employees worldwide.
